

# Hot Responsive High Quality Mailing Lists

**Hundreds of companies and individuals rely on us to satisfy their most discriminating needs!**

Listen Closely! Many mailing list companies will fill your list order by simply retrieving a pre-generated list from a dusty warehouse shelf ... a list that may have been prepared weeks or even months in advance! Unlike the majority of list suppliers, our lists are generated by computer the very day your order is processed!

Our lists are maintained on state of the art processors. Hotline Names are added daily to ensure you that you'll be receiving the most current lists of direct mail buyers and direct mail prospects available!

Every list category is guaranteed 100% deliverable. Any undeliverable name will be replaced two for one at no charge. Simply return any undeliverable mail piece to us within 60 days of the mailing date and receive two fresh replacement names in exchange.

You simply can't beat our prices for the quality of names we have on file. You may have seen cheaper names advertised in flashy magazine ads, but remember... You get what you pay for!

Our goal is to provide you with quality names at a reasonable price, names that will work for your offer! It's simple, we want you as a regular list client and we'll provide you with the hottest lists available so you'll keep coming back for more and more!

Our minimum order is only 500 names, where most list brokers require a minimum of 5,000 names. So, detach the order form below and place a test list order with us today!
